

CASE FILE

SUBJECT:Michael James Montgomery

BORN:11-10-1898

EMBRACED:xx-xx-xxxx by Ryan O' Hara [UNAUTHORIZED]

01-17-1985:Michael James Montgomery was first discovered by the Clan by Allison Swanson [5th Circle Apprentice under Regent Nevel of Lochmarn]. She had been visiting one Ryan O' Hara [6th Circle Apprentice under Regent Mulligan of Dublin] to discuss the O' Hara's work on the recently recovered medieval "Path of Levinbolt."

O' Hara apparently displayed a great deal of "eccentric behavior" [later though to be indicative of his declining mental health] and eventually left the premises at one point for reasons unexplained. Swanson at this juncture was drawn to investigate the basement of the haven, puzzled at O' Hara's behavior, and reportedly having heard what sounded to be another person in the building.

She soon found the source of the noise to be Michael Montgomery, and after a brief discussion ascertained that he was O' Hara's childe, who had been Embraced without proper authorization and without the benefit of being properly bound to the Council of Seven.

Montgomery was removed from the premises and O' Hara was set before a tribunal on 02-27-1985 and taken to Vienna for processing.

01-26-1985: Montgomery was re-situated to the Chantry in Dublin, where he was bound appropriately to the Council and sworn to the Code of Tremere. He was placed temporarily under the Accounting of Regent Roland Mulligan.

It was at this point determined that the vast majority of O' Hara's research relating to the Path of Levinbolt originated with Montgomery.

04-11-1985:Michael Montgomery presented his findings to an assembled Council in Vienna who accredited and approved the Path of Levinbolt he had researched. He was given the rank of a 7th Circle Apprentice, in light of this contribution.

10-02-2002:Michael Montgomery was appointed by request of Pontifex Owain of Bath to the recently reclaimed Camarilla city of New York.

11-18-2003:Michael Montgomery promoted to Regent of the Second Circle of Mysteries under Lord Piotr of the Mid-Western States and given Domain over New York.

05-13-2004: Michael Montgomery, following the lead of Lord Piotr, left New York for some unknown splinter movement from the Camarilla proper. Their current whereabouts are suspected to be New Jersey.

02-14-2005 Addendum: While Piotr has been found at this point in time and recalled to Vienna, the whereabouts of Regent Montgomery are still unknown.
